CLINICIANS CORNER

THANK YOU to our 2010 Clinicians: Lindy Barron, Dave Fraser, Donna O'Reilly, Anne Thompson and Deb Thompson.
If you have a question for one of our clinicians email kendra@platinum.ca

What do you look for in a great penning horse?

A resume.....the horse should come from a performance back ground, whether it be cutting or cowhorse. The horse must be extremely biddable with lots of forward motion. My best penning horses are extreme athletes and like the extremes.

What is the best way to prepare for a new penning season?

My new penning season starts at the end of the last season. I give my horse a week off for every month they have penned... i.e. if the penning season is eight months long, they get an eight week (if not longer) break, at this time their shoes are taken off and they are KICKED OUT TO BE A HORSE AGAIN. I start them back six weeks before the first penning. They are legged up, grained up and shod up. At week five I will start them back on cattle and penning.

CLINICIANS CORNER *continued*

When organizing a new penning team, what qualities do you look for in your team mates?

The qualities I look for in a team mate... Organized, responsible and they practice!!

Where do you see the sport going?

I feel our sport is strong, what I do worry about is our entry level, I feel it is extremely important to take care of our new members, make it a level playing field for everyone, have lots of incentives and remember why we all love this sport...it is FUN!!!

This cute little one was Jaycee Spangler

Guess Who?

Apparently these were stylin' shirts back in 1991!
