## SORT ARENA The New SORT of FUN!

### THE PROS AND CONS OF IT ALL:

All of our Canadian Associations have made the change to Sort Arena. This program speeds up the show and removes the potential of data entry errors as the time from the clock goes right into the program. You also know your cut-off times at a glance.

### THE BENEFITS OF SORT ARENA FOR RIDERS ARE:

- **RIDE** - Find more great sorting and penning events where your partners are riding.
- **VIEW** - Track your ride performance on your personal Rider Dashboard.
  - View results from each class
  - Compare how you did in relation to others in the class
  - Review your winnings by class and for the season
  - Track trends on how you are doing over time
  - Analyze which class types bring out your best rides, and which riding partners actually boost your performance
- **SHARE** - Share your best ride videos with family and friends for events that are livestreamed.
- **MOBILE** - Get your team rosters, class results

and standings for classes you're signed up for texted directly to your phone.

### COMING SOON TO SORTARENA:

- 1) Pre-Register for your event online so friends will know where you plan to ride. And, you can see where your friends have pre-registered. Also, event producers can plan better events when they know you're thinking of riding.
- 2) Save money with special online, pre-register discounts and show giveaways.

**THE ONLY CON THAT CAN BE SAID** - It is a US created program and the parameter guidelines are set up as such. As more Canadians are signing up for a Rider Dashboard, all of that money is being put right back into the programming aspect to enable the system to have better options for the way the Canadians set their penning parameters.

Sign up for your SortArena Rider account at [sortarena.com](http://sortarena.com). If there are multiple members in a family to sign up, each person will have to create their own account with their own individual email address.
